Project Story

Proludic provided a submission alongside 4 other play companies to Wellingborough Council for a multi-site tender. Proludic was the chosen partner based on their understanding of the clients brief and delivering their vision. With existing Proludic playground equipment over 10 years old, Wellingborough know the equipment to be easy to maintain and very durable. The quick turn around on spare parts was also important in Wellingborough Norse choosing Proludic. On all sites, the choice of equipment proposed was robust, steel with minimal panels. All sites were delivered ahead of schedule and have been very well received.

Play Spaces for The Whole Community

Playgrounds provide opportunities for local communities to come together at many different levels. They appeal to all ages, abilities and backgrounds, and they help both children and adults to meet and make friends. Creating a play space for varying age groups also encourages families to be active and have fun together.

Play for Learning

Playing is a fundamental requirement for a child's development, helping them evolve, both in terms of motor skills and sensory, cognitive, creative and social levels. By playing children actively participate in their own development and growth. Play is, therefore, both the inherent mode of expression for children and is an important learning tool.
