

# Bury Hill Play Area

## Bury Hill Play Area is Ready for Take Off

Client: Test Valley Borough Council

Address: Bury Hill Close, Anna Valley, Andover, SP11 7LZ

Budget: £26,000

Age Range: Adults, Families, Inclusive and Toddler

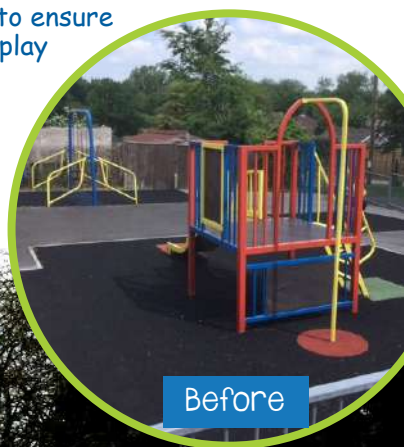

### Project Story

Test Valley Borough Council wanted to refurbish the current play area, to provide the community with new stimulating items of equipment creating lots of play value.

Proludic have been inspired by the local Museum of Army Flying and the Army Air Corps Centre, which has allowed us to create an exciting and unique flying themed play area for Bury Hill Close unlike any other within the area.

Due to the play areas location it was important that we worked directly with the residents to ensure that our design was in line with their vision and to allow them to take ownership of the new play area.

Our design led approach enabled us to combine our innovative themed play equipment with exciting and inviting wet-pour surfacing, resulting in a play area that will have children's imagination flying high.

After

'Both refurbishment schemes were managed, and delivered, efficiently and to a high standard.'

- Simon Cahill, Project Manager - Green Space

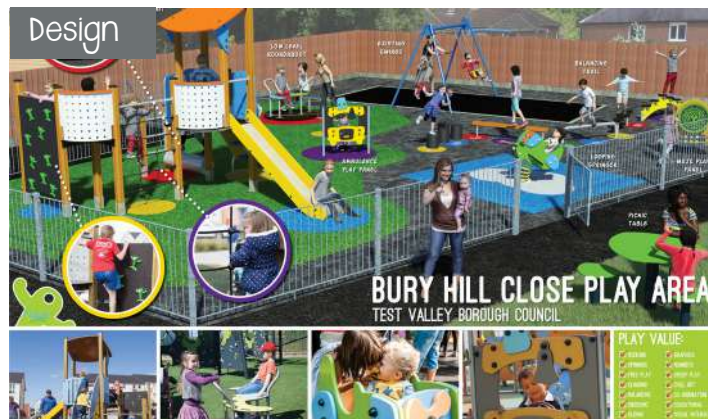

Vivarea

Inclusive Roundabout

## Vivarea Multi-play Unit

The Vivarea range provides a variety of interesting and stimulating play activities for children aged 3 to 8 years. Vivarea can be used by large numbers of children, providing them with a large number of activities to enhance learning and motor skills.

The Vivarea Multi-play unit was key to create WOW factor and a focal point for the play area.
