

# Jubilee Play Area, Grappenhall

Breathing life in to an old space!

Client: Grappenhall and Thelwall Parish Council

Address: Euclid Avenue, Grappenhall, Warrington, WA4 2PT

Budget: £56,000

Age Range: Junior, Toddler

## Project Story

Grappenhall and Thelwall Parish council in Warrington wanted to improve two of their existing sites that were looking tired. The council wanted to improve the overall play value and but didn't want to lose anything. Proludic worked closely with the council to improve each site, replacing all their current equipment with new exciting pieces including a multiplay unit from their Diabolo range which covers various play activities.

After

Before

We got in touch after seeing a site in Keswick, called Fitz park, which really inspired us to speak with Proludic. Mark quickly set up a meeting and came met us in the office to discuss our ideas. We found that he really listened to what we were looking for, he gave us guidance, ideas and most important solutions. Mark was always on hand to help us whenever we needed him, whether that was on the phone, through email and also in person. We can't thank him and Proludic enough!

### Play for Learning

Playing is a fundamental requirement for a child's development, helping them evolve, both in terms of motor skills and at sensory, cognitive, creative and social levels. By playing children actively participate in their own development and growth. Play is, therefore, both the inherent mode of expression for children and is an important learning tool.
